## ADAM KUPINSKI - SUCCESS PARTNER 2019

I guess the first thing that everybody wants to hear would be a massive increase in revenue generated - **as the growth was around 80% year on year.** The second one would be moving into our industrial unit and starting to ship items **from our own warehouse.** And the third one would be meeting some amazing people and creating some local partnerships.

Overall it has been great, provided a lot of valuable content and I guess the biggest thing was Kev's relentless will to help me to go through my suspension earlier this year - and for that alone **it is worth being in that kind of a program.**

But that's not all - I have had an amazing pleasure working with **Kev as my business coach and mentor to grow my business,** build the team around the business and finally get it outsourced as much and as quick as possible.

## MOHAMED ALOWISI - SUCCESS PARTNER 2019

This community changed me not only business wise but truly **emotionally, physically and massive action taker overall.** It made me understand **we are not struggling in life alone** and the best thing is we can all be massive action takers on a daily basis. It picks you and forms you to be **a true business warrior** not a loathing warrior. Honestly, it is the best business vehicle and community I have ever come across. I am not only speaking of business achievements but more of an all inclusive one stop shop for life success. I can see why Kevin named the community Success Partnership. **The best thing is sharing all our knowledge and secrets in one pot.** thus achieving massive success as a group of hunter in a pack.

**YOUR EXCLUSIVE OPPORTUNITY WITH KEV BLACKBURN  
& BECOMING A SUCCESS PARTNER**

## SOPHIE DEARDEN - SUCCESS PARTNER 2019

Kev - where do I start? - it's been 3 weeks since we started working with you properly! Our business although had grown well in its first year was stuck - **we had bottlenecks everywhere** and I was starting to lose hope that this really could be the vehicle to springboard all of my other dreams. We made a last minute decision to have you as our mentor and **its been phenomenal**. I want to wait until tomorrow to have the actual figures but I believe 2 weeks ago we did around £5.5k turnover, this week we are on track to do £12k, **more than doubling our results in a week**. More so than that though, our mentalities have been switched back and it feels like we have endless possibilities. We have gone **from 25 - 35 sales a day to 80 - 100** and broken the £2k barrier - something we have been trying to do since July twice so far this week.....this is just the start and most importantly our belief not just in our business but in ourselves is back!! **Thank YOU! Life changing**. No exaggeration. I want to use this box as well to shout out to the team. Not only did we get an amazing mentor, we got an amazing team who we utilise on a near daily basis - to include the prep centre, Jamie and Gareth, Hari - who has helped us systemise our business so quickly and Ana and Jo who can't do enough for us. **We have taken our business to the next level** and couldn't do that without this team. I can't say much more than that yet as we are yet to attend a mastermind call or meeting but so excited to be around like minded people who are smashing it and being courageous in fighting for the life they truly want and deserve!!

## JAKE DIEGO - SUCCESS PARTNER 2019

It's amazing having one on one access to Kev. The monthly masterminds are a great time to collaborate and learn from one another too. So the support and combined resources of the group, **makes it extremely valuable.** Well this year started off slow as I had some definite shiny object going! From there it was a very gradual. Sometimes such as the Monday motivation in the Facebook fell through. Participation wasn't bad but my consistency was. THEN starting in August I started focusing on the team more and got more involved. And I'm glad I did as starting in September things start rocketing. I'm having a much better grasp on what's happen and clear direction of where I need to go.

## ANDREA SIMMONS - SUCCESS PARTNER 2019

I am still learning the process of OA and dealing with a VA for the first time. Success partnership has made this happen. There are many times I feel like giving in but the **support and encouragement given by Kev and his team are great.** They always try to find a solution to your problem and are very generous. Having been to two masterclasses, I can see that everyone is at different stages. As a complete beginner this was overwhelming to start with. I still feel that a lot of the talk goes straight over my head. However it is encouraging to see the success of others.

# EXPERIENCE THE ULTIMATE ADVENTURE WITH THE LIFE SUCCESS ENGINEER SUCCESS PARTNERSHIP 2020

Success Partnership 2020 will introduce adventure trips for the first time ever! This is the ultimate opportunity for the selected few Success Partners to travel to a retreat mastermind. The first location on the calendar will be Serbia, Belgrade where we will have an action packed trip to visit the cities greatest attractions and meet Life Success Engineer's second remote head quarters.

## THE POWER OF COMBINED CONTRIBUTION CONTINUES

With Success Partnership 2019, we have generated awareness and fund raising to different foundations including Action For Children, Prostate Cancer, Kiva, Pet Rescue, Crisis, Cancer Research and Charity Water. Every month within the Life Success Engineer Masterminds, we have a nominated Member Of The Month who has been contributed too to support them to the next level. In 2020 we will continue to make massive impact as we support those in need that do so much for so many people around the world.

## MARK RICE - SUCCESS PARTNER 2019

I like that fact that there is a community of people all pushing in the same direction which helps motivation. What I struggle with is overwhelm and remaining positive when hit with difficult situations. **The Life Success Engineer courses are brilliant.** Ultimately having access to Kev but also anyone that can give advice and listen to your concerns and help keep you on track from the slack group.

## MATT ADAMS - SUCCESS PARTNER 2019

Kev, you have created **an outstanding community, something that you should be really proud of!** The benefits I have taken from the Success Partnership has been the one to one coaching calls from yourself. **The one to one calls have been great,** having been through some really difficult times this year. Speaking to someone outside of my circle group to give me some outside prospective really helped me out! **I have loved being involved with like minded people, being surrounded by people who are doing better has made me realise what is possible.** This year has been a personal journey for myself. This has been a great test of how much pressure I can handle.. I am very thankful for your support, your kind words through the tough times.
